...How ?

TAKE OUR TRAINING!!

For more information call (888) 613-7847 or

Email jkkelton@the-meritgroup.com

THE MERIT GROUP

Do you know that law enforcement protocols mandate that Emergency Response Personnel must be on site during a meth lab incident in the case of a catastrophic event? When that happens, they are going to turn to you... **Would you know how to respond?**

Meth Lab Recognition and Hazards

Take the **MERIT Meth Lab**

Emergency Response Training and here is our **GUARANTEE!**

You will be able to:

- Recognize a meth lab
- Identify the type of meth lab
- Identify specific hazards
- Brief your squad on the possible scenarios you'll encounter
- Take charge of a meth lab site and save lives starting with your own
- Identify and treat meth lab related injuries

Prepare a briefing before responding to a Meth Lab incident

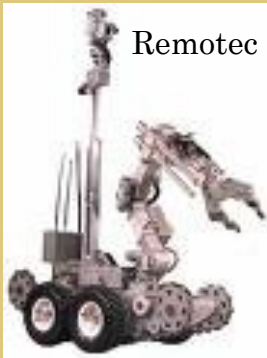

Put your training to work in more than **10 realistic live scenarios!**

Day one: Eight hours of classroom training using power points and lecture from some of the most experienced officers in the State. Here you'll be trained to identify a meth lab and it's hazards, conduct triage and treat injuries. You'll learn about contamination and decontamination.

Day two: Time to put the classroom into the field! You'll spend eight hours responding to scenarios that are so real they're almost illegal! See some of the most high tech equipment available to keep you and your team safe.

Training will include **live presentations of state of the art technology** including PPE and robotic assist units. Representatives will be available to answer questions during demonstrations.
